Fuel Network: 10/2021

Covenant Logistics' Fuel Network has been designed to reduce our net cost of fuel, while offering our drivers the convenience of choosing which network fuel stop you prefer to use within the network. Our Fuel Network consists only of the locations in this book. The Fuel Network has 3 types of fuel stops:

- ★ EXCLUSIVE STATIONS (most cost effective stations in the network)
- PRIMARY STATIONS
- LIMITED STATIONS (60 GALLON MAX PURCHASE)

Tractor Fuel

- 100% Network Compliance is required
- You must plan your fueling according to your route using only the Network Fuel Stops
- Network Fuel Stops are mapped in color in this Fuel Guide:
Blue = TA; Green = Petro
- You can search for Network Fuel stops along your route using your Qualcomm
 - Generate your route to the customer, then select MENU, on the main menu, select "Where To," then select "Location Search"
 - In the Location Search "FIND" field, type "OTRFUEL" and press "SEARCH" to view all Network Fuel stops along your route, and in the order of approach along your route.
- You must use your COMDATA fuel card for all fuel purchases;
NEVER pay cash
- You have a \$1,200 daily limit on your fuel card
- The following products are authorized for purchases using your COMDATA card at Network locations listed in this book:
 - Fuel #2 Diesel
 - Diesel Exhaust Fluid (bulk DEF only, no containers)
 - Oil (1 gallon per week, resets on Wednesday)
 - Scales (Can use Scale My Truck App)
- Fuel Daily to ensure you can always make it to the next Network Fuel Stop
- Contact Driver Services for any assistance needed to maintain Network Compliance
- You must call Driver Support for Out of Network Fuel
 - 423-463-3680

Reefer Fuel:

- You must designate all Reefer fuel as Reefer fuel at the time of purchase
- Always fill your Reefer when you fuel your Tractor
- You must enter the Trailer number at the pump exactly as it is identified on the trailer
- Our Exclusive & Primary fuel stations are open for 50 gallons of Reefer fuel
- Limited stations and TA Petro locations that are not in our tractor Fuel network (not listed in this book) are open for 30 gallons of Reefer fuel
- If you need Reefer fuel at an out of network location, and it is not a TA or Petro, you must contact Driver Support, so we can open the station for Reefer fuel

Department Hours: 24/7 Call center available at: 423-463-3680

Comdata – Don't forget you **MUST Set up a PIN# on your Comdata Card & for your Protection **NEVER** give that # to Anyone! You should receive a ComData Welcome Kit in Orientation – Please be sure you take the time to read it. It will tell you everything you need to know about your ComData card.**

Comdata Cards

Once you receive your new COMDATA card in Orientation it is your responsibility to set up a 4-digit PIN number. **This will need to be done within the first 24 hours of receiving the card.** You will need to call the COMDATA Services number on the back of the card 800-741-6060 to set up your PIN number. You should **NEVER** give this PIN number out to **ANYONE!** Please choose a number you can remember.

Registering COMCHEKS: EXPRESS CASH

- Call COMDATA: 1-800-741-6060
- After receiving your balance, follow the instructions for draft registration
- Enter the Amount for the Comchek and press the (#) key; enter the amount without decimals (for example, \$95.32 would be entered as 9532#)
- Enter the Comchek number located in the upper right-hand corner of the check & press #
- Complete the Comchek by filling out the remaining fields on the check:
 - The date in the “Date” field
 - The name of the Payee in the “Pay to the Order Of” field
 - The dollar amount in “The Sum Of” field
 - The dollars in the “Dollars” field
 - “Covenant Logistics” in the “Company Name” field
 - Your COMDATA card number in the “Card No. or Express Code” field
 - Your telephone number in the “Payee’s Home Phone Number” field
 - The state where your driver’s license was issued in the “State” field
 - Your driver’s license number in the “Identification Number” field

Registering COMCHEKS: EXPRESS CODES

- Complete the Comchek by filling out the fields on the check:
 - The date in the “Date” field
 - The name of the Payee in the “Pay to the Order Of” field
 - The dollar amount in “The Sum Of” field
 - The dollars in the “Dollars” field
 - “Covenant Logistics” in the “Company Name” field
 - Your Express Code in the “Card No. or Express Code” field
 - Your telephone number in the “Payee’s Home Phone Number” field
 - The state where your driver’s license was issued in the “State” field
 - Your driver’s license number in the “Identification Number” field
 - Give the completed Express Code Comchek to the vendor & you’re done!
 - The vendor will call Comdata and authorize the Comchek

**CARGO SECURITY AWARENESS
INCIDENT RESPONSE CENTER:
866-339-0492 (STAFFED 24/7 365)**

On a daily basis Covenant Logistics has hundreds of loads in-transit that are frequently targeted by individuals for theft. It is our responsibility as a carrier to make sure that all of our shipments are secured from the time of pick up until delivery. We must use company and industry best practices to reduce the likelihood of becoming a target. Listed below are some of the security practices that should be followed on all shipments.

- Before leaving the shipper, ALL loads must have a pad-lock placed on the trailer door. (Professional Drivers are reimbursed for pad-lock purchase of up to \$30; Professional Drivers should purchase a quality pad-lock)
- Professional Drivers should ensure that ALL Security and Food Grade loads are sealed and an accompanying Seal Manifest Completed before leaving the shipper.
- When stopping, Professional Drivers should check the seal upon the initial stop and before leaving stop to ensure the seal and pad-lock are in place. Any issue should be reported to the CTG Incident Response Center immediately. Professional Drivers should NOT leave the location until advised to do so.
- While in-transit, if an extended break is required, the drivers should attempt to locate a parking area that will allow for the trailer to be backed against a stationary object that will prevent access to the trailer doors. On security loads, drivers should ALWAYS use a secured Covenant Terminal when available in route.
- When parking overnight, drivers should ensure that the location where they will be parking has significant lighting and, if possible locations that have security cameras.
- Drivers should adhere to ALL security warnings that are issued for locations for them to avoid for taking breaks. These warnings are not only for the safety of the freight but more importantly our Professional Drivers.
- When leaving the tractor (no matter the length of time) Professional Drivers should make sure that both windows are rolled up and both doors are locked. Professional Drivers should make sure to always take ALL keys with them. Any issues upon return should be communicated to the IRC immediately.
- ALL Professional Drivers should NEVER discuss with ANYONE what they are hauling unless they have a “need to know”. Any suspicious activity should be reported to IRC immediately.

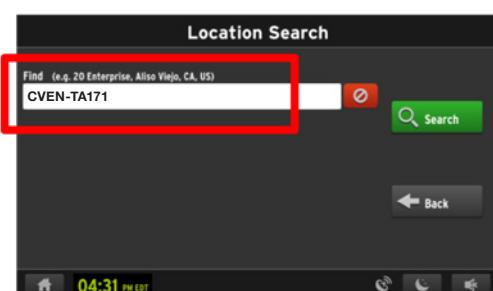

HOW TO USE NAVIGO TO GENERATE A ROUTE TO AN APPROVED FUEL STOP

Use the network map and guide to find a fuel stop along your route. Then, find the associated **NaviGo Fuel Code** for that location. Follow these steps to generate a route using the **NaviGo Fuel Code**.

- 1. In Navigo, tap the LOCATION SEARCH icon.**

- 2. In the search field, type the fuel stop code. In this example, the fuel code is **CVEN-TA171**.**

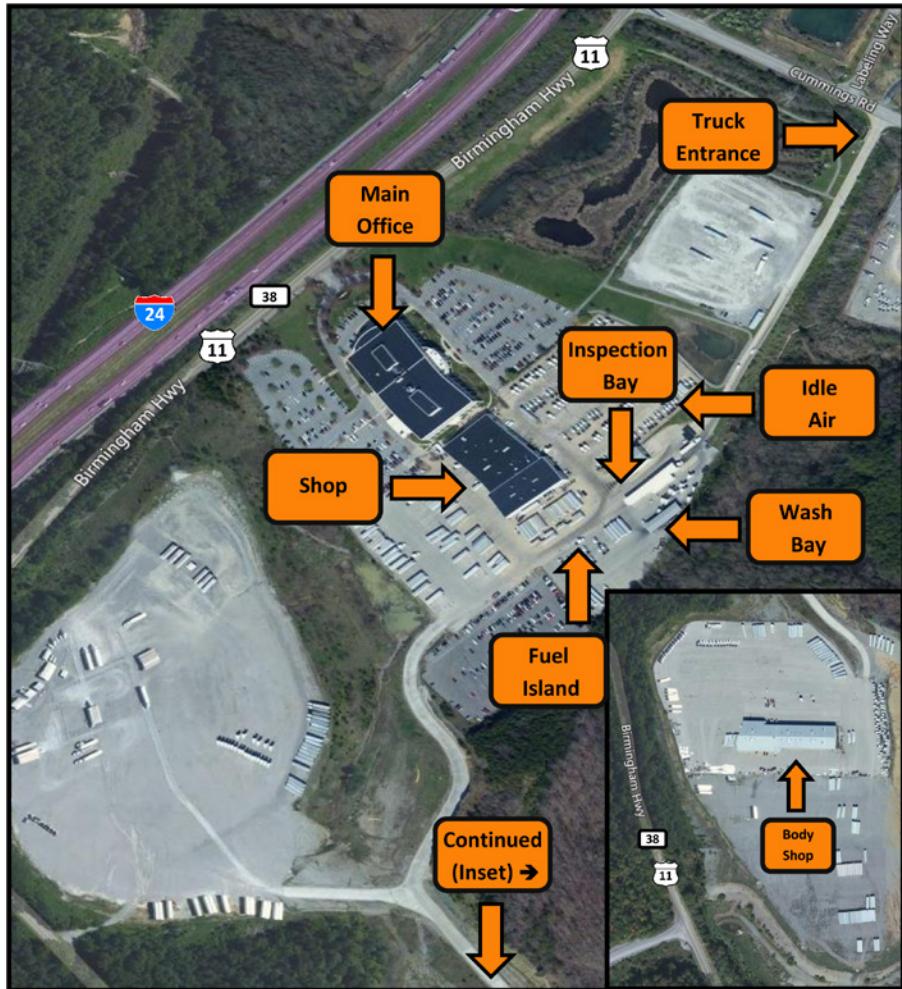

- 4. Tap GET ROUTE.**

NOTE: From the MCP Main Menu, select the Media Manager to get a copy of the NaviGo Driver User Manual. Go to the drop down menu and select the category NaviGo Driver Training. You can access these training documents from Media Manager while on the road and without Wi-Fi!

* To help ensure that our valued customers have a place to park, TA and Petro have implemented a Preferred Parking program at these sites. At Preferred Parking locations, you receive up to 24 hours of free parking when you make a minimum purchase of 60 gallons of fuel or spend a minimum of \$20 in the store, restaurant or service area. Without a minimum purchase, the first two hours of parking are free; thereafter, there is a daily parking fee.
